A “HOT” PARTNERSHIP IN GREECE BETWEEN REALD AND SPACE VISION

RealD Company, the well-known innovator in the area of 3D Cinema Applications, has chosen Space Vision S.A. as its official and most important partner in Greece.

The co-operation between the two companies has started since 2007, based on the installation - by Space Vision - of the first 3D Digital Cinema site in Greece – on behalf of Village RoadShow Operations. From then onwards, this co-operation has been extended to other fields, too, bringing closer the two companies by exchanging both know-how experiences as well as business culture. This accomplishment has been the spark, which has convinced RealD that Space Vision is the most appropriate business partner to promote, sell and technically support its products and services in the Greek Market.

Within the scope of the contractual commitments that Space Vision has taken over, based on its partnership with RealD, is to technically support RealD's customers in Greece 24 hours a day / 7 days a week, as well as to store sufficient spare parts' stock.

SPACE VISION S.A.

312 Messogion Avenue,
GR153 41 Agia Paraskevi,
Attika, Greece.
