SPACE VISION BECOMES A B2B PARTNER OF SAMSUNG ELECTRONICS HELLAS

A new, overpromising, cooperation has been established during ISE 2011 in Amsterdam. Space Vision joined Samsung Electronics Hellas B2B network of resellers in Greece.

Samsung Electronics is the worldwide pioneer in telecommunications, digital media and digital convergence technologies. The company employs more than 174.000 people in more than 193 branch offices in 66 countries around the world. Samsung Electronics business structure includes 8 major units: Visual Display, Mobile Communications, Telecommunication Systems, Digital Appliances, IT Solutions, Digital Imaging, Semiconductor and LCD. Fully recognized as one of the most growing brands in the world, Samsung Electronics is been considered the market leader in the production of digital televisions, memory chips, mobile phones and TFT-LCD displays.

Additionally, Space Vision holds a top-ranking position in the implementation of medium and large-scale AudioVisual projects in Greece. The name of Space Vision stands out in hundreds of high-tech installations in cinemas, studios, classrooms, meeting rooms, auditoriums, convention centers, theaters and museums across a broad spectrum of public and private organizations and agencies all over Greece.

It is a common feeling that this cooperation will turn out to be an important milestone in both companies' business development and success in the Greek Market.
